

STATE OF DELAWARE
DEPARTMENT OF TRANSPORTATION
800 BAY ROAD
P.O. Box 778
DOVER, DELAWARE 19903

JENNIFER COHAN
SECRETARY

April 30, 2015

Dear Sir or Madam,

This letter is a follow up to a letter sent by the Delaware Department of Transportation dated February 14, 2015. In that letter, the Delaware Department of Transportation requested feedback on a proposed project change to the SR72 Wrangle Hill Road proposed cross section. The Department has received and reviewed this requested feedback. Based on community feedback, it has been decided that the project will move forward with the proposed change to narrow the proposed two-way-left turn lane and to create a wider buffered bike lane. The final resulting roadway cross section will therefore be four 11 foot travel lanes, an 11 foot two-way left turn lane and 8 foot shoulders on each side of the roadway. As the previous letter stated, the roadway cross section width and the proposed right-of-way and easements are to remain unaffected by this proposed change.

If you have additional comments on this proposed change, please contact Michael Nauman via at Michael.Nauman@state.de.us or write to c/o Michael Nauman P.O. Box 778-800 Bay Road Dover, DE 19903-0778. To obtain additional information on the project please visit the project website at <http://www.deldot.gov/information/projects/sr72/>.

Thank you again for your participation in the project.

Sincerely,

Joseph Hofstee
Group Engineer
Project Development North
